

Name \_\_\_\_\_

**Using Maps**

Fill in the circle by the correct answer. Then answer the questions.

1. A map key has \_\_\_\_\_ that stand for things.  
 A directions  
 B symbols  
 C titles
2. A \_\_\_\_\_ is a special symbol that shows directions.  
 A map key  
 B compass rose  
 C drawing of a place
3. What is west of the swimming pool in Greenville Square?  
An art museum
4. What can you use to help you understand a map?  
The map title, map key, and compass rose

**Write About the Topic**

Use the Writing Form to draw and write about what you read.

Draw a simple map of your classroom. Write directions to tell how to get from the teacher's desk to the door.

Festivals ■ ■ ■ 49

Name \_\_\_\_\_

**What Is Matter?**

Fill in the circle by the correct answer. Then answer the questions.

- There are \_\_\_\_\_ kinds of matter.  
 A two  
 B three  
 C four
- The \_\_\_\_\_ in a glass of soda are a gas.  
 A bubbles  
 B liquids  
 C shapes
- Which type of matter has a shape?  
Solids
- What is one kind of liquid?  
A rain puddle; milk

**Write About the Topic**

Use the Writing Form to draw and write about what you read.

Draw a solid, a liquid, or something that has a gas. Tell about the kind of matter you drew.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Matter ■ ■ ■ 55

Name \_\_\_\_\_

**How Matter Changes**

Fill in the circle by the correct answer. Then answer the questions.

- \_\_\_\_\_ are matter that you can't see.  
 A Solids  
 B Liquids  
 C Gases
- Ice is a \_\_\_\_\_.  
 A liquid  
 B solid  
 C gas
- What can happen to water if you heat it in a pot?  
It can change from a liquid to a gas.
- Do you have a solid and a liquid in your lunch?  
 Write to tell what they are.  
Answers will vary.

**Write About the Topic**

Use the Writing Form to draw and write about what you read.

Draw two ways water can change into a different kind of matter. Write about the changes.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Matter ■ ■ ■ ■ ■ 59

Name \_\_\_\_\_

**Matter Can Change**

Fill in the circle by the correct answer. Then answer the questions.

- Almost everything around you is \_\_\_\_\_.  
 A liquid  
 B heated  
 C matter
- \_\_\_\_\_ is a kind of matter that does not have a shape.  
 A A solid  
 B An ice cube  
 C A gas
- What kind of matter is water?  
It can be a liquid or a solid.
- How can water change if you put it in the freezer?  
It will change from a liquid to a solid.

**Write About the Topic**

Use the Writing Form to draw and write about what you read.

Draw ice in an ice cube tray. Write to tell about the kind of matter in your picture.

Name \_\_\_\_\_

**Habitats Are Homes**

Fill in the circle by the correct answer. Then answer the questions.

- A habitat is \_\_\_\_\_.  
 A an animal  
 B a home  
 C a berry
- A shelter is a place where an animal can \_\_\_\_\_.  
 A swim in water  
 B find berries  
 C live safely
- What does the brown bear use for shelter?  
A cave
- What do you know about the brown bear's habitat?  
The brown bear lives in a forest. It eats berries and drinks water. Its shelter is a cave.

**Write About the Topic**

Use the Writing Form to draw and write about what you read.

Draw and write about the things a brown bear needs to live.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Animal Habitats ■ ■ ■ 65

Name \_\_\_\_\_

**A Good Habitat**

Fill in the circle by the correct answer. Then answer the questions.

1. A habitat gives an animal food, water, and \_\_\_\_\_.  
 A trees  
 B nests  
 C shelter

2. A rabbit can \_\_\_\_\_.  
 A make its own shelter  
 B live without shelter  
 C eat nuts from trees

3. Why is a forest habitat good for a bird?

If it can build a nest. It can eat insects or berries.

4. What would happen if a forest did not have a stream?

The animals would not have water to drink.They would have to live someplace else.**Write About the Topic**

Use the Writing Form to draw and write about what you read.

Draw a tree in a forest habitat. Write two ways the tree can help animals live.

Animal Habitats ■ ■ ■ 67

Name \_\_\_\_\_

**Using Thermometers**

Fill in the circle by the correct answer. Then answer the questions.

1. A thermometer can show you how \_\_\_\_\_.  
 A much it rained  
 B fast the air is moving  
 C hot or cold the air is

2. A thermometer is a \_\_\_\_\_.  
 A tool  
 B toy  
 C temperature

3. In what places around a home are thermometers used?

They are used outside and in the kitchen.

4. Do people really need to use thermometers? Explain why or why not.

Yes, thermometers can show how hot food is and how hot a person's body is.**Write About the Topic**

Use the Writing Form to write about what you read.

Write to tell about two ways you can use a thermometer.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Thermometers ■ ■ ■ 75

Name \_\_\_\_\_

**Habitat Differences**

Fill in the circle by the correct answer. Then answer the questions.

1. Snakes like habitats that are \_\_\_\_\_.  
 A hot and dry  
 B wet and muddy  
 C cool and filled with grass

2. Prairie dogs find shelter \_\_\_\_\_.  
 A in mud holes  
 B around desert sand  
 C under the ground

3. Why are wetlands a good habitat for alligators?

Alligators like water and mud.

4. Do animals need a habitat to live? Explain your answer.

Yes, animals need the food, water, and shelter found in a habitat to live.**Write About the Topic**

Use the Writing Form to draw and write about what you read.

Draw one of the animals from the text.  
Write about its habitat.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Animal Habitats ■ ■ ■ 69

Name \_\_\_\_\_

**Temperature Tools**

Fill in the circle by the correct answer. Then answer the questions.

1. A thermometer is a kind of \_\_\_\_\_.  
 A degree  
 B temperature  
 C tool

2. An outdoor thermometer can tell you about \_\_\_\_\_.  
 A weather  
 B candy  
 C ovens

3. How can a thermometer help you choose what to wear?

It can tell you if you need warm or cool clothes.

4. Is a meat thermometer different from a weather thermometer? Explain your answer.

Yes. One shows you the temperature of the air.The other shows you the temperature of the meat.**Write About the Topic**

Use the Writing Form to write about what you read.

Describe what a meat thermometer is and how it is used.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Thermometers ■ ■ ■ 77

Name \_\_\_\_\_

**What's the Temperature?**

Fill in the circle by the correct answer. Then answer the questions.

1. A tool that tells the temperature is a \_\_\_\_\_.  
 A Fahrenheit  
 B degree  
 C thermometer
2. You might be \_\_\_\_ if your temperature is higher than 98.6° Fahrenheit (37° Celsius).  
 A cold  
 B sick  
 C comfortable
3. Why should food be cooked to the right temperature?  
So people who eat the food won't get sick.
4. A weather thermometer shows the temperature of the air.  
 Write the sentence that tells you this.  
A weather thermometer can tell you what the air is like outside.

**Write About the Topic**

Use the Writing Form to write about what you read.

89

Name \_\_\_\_\_

**Finding a Pattern**

Fill in the circle by the correct answer. Then answer the questions.

1. A shape pattern shows shapes that \_\_\_\_\_.  
 A only happen once  
 B repeat at least once  
 C do not appear in order
2. What do you think the word **repeat** means in the text?  
 A to happen one time  
 B to happen again  
 C to happen only two times
3. How can you guess what will happen next in a pattern?  
Look at what has already been shown.
4. Do shapes make a pattern if they do not follow the same order? Explain your answer.  
No, a pattern repeats itself. Shapes need to be in the same order to make a pattern.

**Write About the Topic**

Use the Writing Form to draw and write about what you read.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Patterns ■ ■ ■ 95

Name \_\_\_\_\_

**Number Patterns**

Fill in the circle by the correct answer. Then answer the questions.

1. A number pattern shows the same numbers \_\_\_\_\_.  
 A only one time  
 B in many different ways  
 C more than once in the same order
2. You can study the \_\_\_\_ of the numbers to understand a number pattern.  
 A shapes  
 B order  
 C total
3. What can you do to guess what comes next in a pattern?  
Study the order of the numbers.
4. Why is a "3" the correct guess for the next number in the first pattern?  
The pattern is 1, 2, 3, 1, 2, 3.

**Write About the Topic**

Use the Writing Form to draw and write about what you read.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Patterns ■ ■ ■ 99

Name \_\_\_\_\_

**Is There a Pattern?**

Fill in the circle by the correct answer. Then answer the questions.

1. The word **repeat** means \_\_\_\_\_.  
 A to happen only once  
 B to happen only twice  
 C to happen more than once
2. Patterns can have \_\_\_\_\_.  
 A only one picture  
 B all different pictures  
 C pictures that have a special order
3. When is a group of pictures not a pattern?  
When the pictures do not repeat
4. What is the main idea of the text?  
The text is about how repeated pictures make a pattern.

**Write About the Topic**

Use the Writing Form to draw and write about what you read.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Patterns ■ ■ ■ 97

Name \_\_\_\_\_

**Paying with Coins**

Fill in the circle by the correct answer. Then answer the questions.

1. A nickel is made from \_\_\_\_\_.  
 A money  
 B dimes  
 C metal
2. A \_\_\_\_ is a coin worth twenty-five cents.  
 A penny  
 B quarter  
 C nickel
3. How can you use coins to buy something you want?  
I can add my coins until I have enough.
4. Write three facts about coins.  
Coins are money made from metal. Coins come in different sizes and have different values.

**Write About the Topic**

Use the Writing Form to write about what you read.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Money ■ ■ ■ 105

Name \_\_\_\_\_

**Using Paper Money**

Fill in the circle by the correct answer. Then answer the questions.

1. Dollar bills are paper money that \_\_\_\_\_.  
 A all have different values  
 B are all worth five dollars  
 C are made in different shapes

2. You can write ten dollars as \_\_\_\_\_.  
 A \$1  
 B \$5  
 C \$10

3. What do people use dollars for?

to buy or pay for things

4. Write three facts about dollar bills.

Dollar bills are the same size. Dollar bills have different values. You can buy things with them.**Write About the Topic**

Use the Writing Form to write about what you read.

Explain what dollar bills are and how they are used.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Money 107

Name \_\_\_\_\_

**How Clocks Work**

Fill in the circle by the correct answer. Then answer the questions.

1. People can use \_\_\_\_\_ to keep track of time.  
 A an hour  
 B a face  
 C a clock

2. An analog clock uses \_\_\_\_\_ to show hours.  
 A a small circle  
 B a short hand  
 C an electronic number

3. How are analog clocks and digital clocks alike?

They both show time.

4. What is the main idea of the text?

There are two main types of clocks.They are analog and digital.**Write About the Topic**

Use the Writing Form to write about what you read.

Tell what time it is on each of the clocks.  
Explain how each clock shows you the time.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Time 115

Name \_\_\_\_\_

**Spending or Saving**

Fill in the circle by the correct answer. Then answer the questions.

1. Coins can also be called \_\_\_\_\_.  
 A cash  
 B paper  
 C cards

2. A debit card takes money out of a \_\_\_\_\_.  
 A glass jar  
 B sports store  
 C bank account

3. How can people pay for something electronically?  
write a check or use a debit card

4. How much money does the woman need to buy the soccer ball?

fifteen dollars and fifty cents**Write About the Topic**

Use the Writing Form to write about what you read.

Explain three different forms of money.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Money 109

Name \_\_\_\_\_

**Clock Talk**

Fill in the circle by the correct answer. Then answer the questions.

1. To talk about time, people use the word \_\_\_\_\_.  
 A track  
 B library  
 C o'clock

2. You can use time to tell people \_\_\_\_\_.  
 A when to meet you somewhere  
 B what day of the week it is  
 C which kind of clock to use

3. What does each hand on an analog clock point to?  
short hand points to hours; long hand

points to minutes.

4. How does a digital clock work?

It shows the time with electronic numbers.**Write About the Topic**

Use the Writing Form to write about what you read.

Write to tell how analog clocks and digital clocks are different.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Time 117

Name \_\_\_\_\_

**Telling Time**

Fill in the circle by the correct answer. Then answer the questions.

- One hour has \_\_\_\_ minutes.  
 A 12  
 B 24  
 C 60
- The hands of an analog clock show \_\_\_\_.  
 A the hour and minutes  
 B if it's morning or night  
 C the date
- Is it morning or evening if a digital clock shows 9:15 a.m.? \_\_\_\_\_  
It is morning.
- Write two important facts from the text.  
Most cellphones show time with digital clocks. An analog clock has two hands.

**Write About the Topic**

Use the Writing Form to write about what you read.

Write to tell how analog clocks and digital clocks show time.

Time 119

Name \_\_\_\_\_

**Cellphones**

Fill in the circle by the correct answer. Then answer the questions.

- Martin Cooper invented the first cellphone in \_\_\_\_.  
 A 1973  
 B 1983  
 C 2015
- Cooper worked at a company called \_\_\_\_.  
 A DynaTAC  
 B moto e  
 C Motorola
- Why couldn't people use Cooper's first cellphone?  
A cellphone network was needed.
- List two facts about the first cellphone sold in stores.  
Answers will vary. Example: 13 inches (33 cm) tall; called DynaTAC 8000x.

**Write About the Topic**

Use the Writing Form to write about what you read.

Write to tell how cellphones were invented. Tell what happened in order.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Inventions 127

Name \_\_\_\_\_

**Adhesive Bandages**

Fill in the circle by the correct answer. Then answer the questions.

- Earle Dickson used tape that was \_\_\_\_.  
 A cotton  
 B sticky  
 C small
- Dickson put a piece of cotton \_\_\_\_ on the tape.  
 A adhesive  
 B roll  
 C gauze
- How could someone use Dickson's bandages?  
To cover small scrapes or burns
- What is the main idea of the text?  
Earle Dickson invented BAND-AID Adhesive Bandages to be used on small cuts.

**Write About the Topic**

Use the Writing Form to write about what you read.

Write to tell how Earle Dickson made his invention. Tell why it was helpful.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Inventions 125

Name \_\_\_\_\_

**Ballpoint Pens**

Fill in the circle by the correct answer. Then answer the questions.

- László Bíró invented a \_\_\_\_.  
 A quill pen  
 B fountain pen  
 C ballpoint pen
- A quill pen is made from a \_\_\_\_.  
 A metal ball  
 B real feather  
 C jar of ink
- What sentence tells why some people may not like to use fountain pens?  
People often got ink all over their hands.
- How do you know people today still like using ballpoint pens?  
Millions are sold every day.

**Write About the Topic**

Use the Writing Form to write about what you read.

Write to tell why László Bíró's invention was so useful.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

Inventions 129

Name \_\_\_\_\_

**Technology for Travel**

Fill in the circle by the correct answer. Then answer the questions.

1. \_\_\_\_ helps people travel more quickly.

- A Walking
- B Air
- C Technology

2. A bicycle moves with \_\_\_\_ technology.

- A wheel
- B wind
- C motor

3. What is one kind of technology that airplanes can use?

Jet engine technology or wind and air

4. Write two reasons from the text that technology is needed for travel.

It helps people to go from place to place.Technology helps people move faster.**Write About the Topic**

Name \_\_\_\_\_

**Before E-books**

Fill in the circle by the correct answer. Then answer the questions.

1. People wrote on \_\_\_\_ thousands of years ago.

- A paper
- B animal skins
- C wet clay

2. Today, children can read \_\_\_\_.

- A e-books
- B papyrus
- C marks in clay

3. Pretend you lived hundreds of years ago. What kind of book might you have read?

Answers will vary. Example: a book made from animal skins

4. Why is a device useful?

You can read an e-book.**Write About the Topic**

Use the Writing Form to write about what you read.

© Evan-Moor Corp. • EMC 3231 • Nonfiction Reading Practice

E-books ■ ■ ■ 145

Name \_\_\_\_\_

**How E-books Came to Be**

Fill in the circle by the correct answer. Then answer the questions.

1. Many thousands of years ago \_\_\_\_\_.  
 A people wrote on animal skins  
 B people cut pictures in rocks  
 C a printing press was made

2. Books were made from \_\_\_\_\_.  
 A wet clay  
 B stones  
 C animal skins

3. Tell why it would be easier to find your place in a book than a long scroll.  
A scroll is rolled up. A book is easy to open and close.

4. More books were made after 1455. Why?  
A printing press could make books faster.

**Write About the Topic**

Use the Writing Form to write about what you read.
